4-Year, 5-Year, and 6-Year Graduation Rates: These rates are cumulative. For example, the five-year graduation rate shows the percentage of students from the GRS cohort who graduated in 5 years or *less*, not the percentage who took exactly 5 years to graduate. Graduation rates are based only on first-year, full-time freshman and the percentage of those who graduation within 4, 5 or 6 years. (IPEDS)
